Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Recognizes the need to assess a country's development. - Decides to use an HDI prediction tool.	- Collects life expectancy, education, and GNI data. - Enters the data into the system.	- Clicks Predict. - Views the predicted HDI score and category.
Touchpoint <i>What part of the service do they interact with?</i>	- Project website/app. - HDI information page. - User guide.	- Data input form. - Input fields. - Validation messages.	- Predict button. - Results page. - HDI category display.
Customer Thought <i>What is the customer thinking?</i>	- I need accurate HDI insights. - Is this tool easy to use? - Will it help me?	- I have entered the correct data. - Will the prediction be accurate? - Did I miss any values?	- What is my country's HDI? - Which category does it belong to? - How can this information help me?
Customer Feeling <i>What is the customer feeling?</i>	- Curious. - Hopeful. - Interested.	- Focused. - Slightly unsure. - Expectant.	- Satisfied. - Confident. - Motivated.

Process Ownership <i>Who is in the lead on this?</i>	• User / Customer	• User with system support	• Machine Learning Model & User
Opportunities	• Provide clear HDI information. • Add FAQs. • Improve user guidance.	• Validate inputs. • Add examples. • Provide tooltips.	• Display results clearly. • Explain HDI categories. • Allow report download.
